The screenshot shows the login interface of the '河海大学综合缴费平台' (Hehai University Comprehensive Payment Platform). It features a blue header with the university's logo and name. Below the logo, there are options for login methods: '用户名' (Username) is selected with a radio button, and '证件号' (ID Number) is unselected. There are two input fields: the first is for the username with a red prompt '此处输入身份证号' (Enter ID number here), and the second is for the password with a red prompt '初始密码为身份证号后6位' (Initial password is the last 6 digits of the ID number). A '忘记密码?' (Forgot password?) link is present. At the bottom, there is a '登录' (Login) button and a note '校内统一认证登录' (Unified authentication login on campus).

The screenshot shows the '信息安全设置' (Information Security Settings) page, specifically the '支付平台' (Payment Platform) section. A yellow warning box at the top states: '首次登录或密码为初始密码，请修改密码后再登录操作' (First login or password is initial password, please modify password before login operation). Below this, there is a '密码修改' (Password Modification) section with two input fields: '新密码' (New Password) and '确认密码' (Confirm Password), both with prompts to '请输入新密码' (Please enter new password). There is also a '密保设置' (Security Question Settings) section with a dropdown menu for '密保问题' (Security Question) and an input field for '密保答案' (Security Answer). A '保存' (Save) button is at the bottom.
